## Lunch & Learn!

### *The SECURE Act, Estate Planning, & Protecting Your Family*

Join us for this informational and interactive lunch & learn that will help you understand how the SECURE act is enhancing retirement benefits in America, what you need to protect your family in the way of estate planning and final wishes/funeral/cemetery planning; what are wills, trusts, powers of attorney, living wills, probate? How do all of these pieces fit together? If I have a trust, do I still need a will? What is the best way to title accounts so that when I die, my kids get the money as soon as they need it?

#### **Our Experts:**
